RECREATION BOARD HELD MEETING OCT. 5

On Thursday, Oct. 5, the Bethel Recreation Board met in regular session to further plan for next year's budget. A call for citizens with potential recreational programs and other proposals had been made, and two responded by attending the meeting. One, Cathy Carver, proposed a program for instruction in horseback riding. It would be run during the summer months, at least, with possible continuation into the fall until snow covers the ground. It would be designed for boys and girls in junior high and high school, for whom there has been little programming to date.

The other proposal was submitted by Lyn Bristol in regard to the sale of a portion of The Wherehouse parking lot to the town for recreational use. Also, the possibility of renting the building now utilized as the State Liquor Store for a community center was discussed.

Also on the agenda for this meeting was the follow-up report on land acquisition and the start of constructing a comprehensive five-year recreation plan. Only two of the six board members were in attendance and these subjects had to be left for the next meeting.

Public interest in suggesting programs for 1979 is still being solicited before the first week in November when the budget must be completed. Any person who would like to bring his or her suggestion before the board should do so at the next regular meeting on Oct. 19 at 7:30 p. m. at the town office.

It should also be mentioned that the board is seeking bids in the design and construction of an Easter Bunny costume to be used from year to year at the Easter Egg hunt. If you are a seamstress and would like to offer your bid to the board or would like further information, please attend the next meeting or contact Carolyn Holden at 824-2155 before then.

And finally, on the Recreation Bulletin Board (a means for announcing upcoming recreational events via the Citizen) is a notice that a horse show is being held at the ring on Rte. 5 at Songo Pond on Sunday, Oct. 22 at 10 a. m. All horse lovers be sure and attend this event! You may obtain further information from Cathy Carver 824-2965.

BETHEL ROTARIANS GET A MUSIC LESSON

On Tuesday, the Bethel Rotary Club saw and heard Jane Plonski, elementary music teacher for M. S. A. D. #44, demonstrate how she teaches musical appreciation to the youngsters in this school district. By giving the members some hands on experience with tambourines, drums, claves, cymbals, maracas, triangles, clogs and tone blocks, she got her message across to a number of parents and some key figures in the local school system. All left the demonstration impressed with the kind of instruction and enthusiasm their music teacher provides her classes.

Moving to the Bethel area from Huntington, N. Y., in September 1977, Miss Plonski is starting her second year in the M. S. A. D. #44 area. She is also responsible for the middle school and high school chorus and has hopes with assistance from the Telstar drama coach, for some local musicals.

TELSTAR IN-SERVICE HELD LAST FRIDAY

The Telstar Regional High School faculty focused on four issues during their in-service workshop: graduation requirements; the career education; and Pupil Evaluation Team referrals.

Following a brief general faculty meeting, the Telstar faculty divided into four inter-disciplinary groups to generate skill-based graduation requirements using brainstorming techniques. These requirements were discussed in department meetings in the afternoon, and may be used to expand competency-based instruction into areas other than mathematics.

Mrs. Helen Berry, chairperson of the Steering Committee for the self-evaluation phase of the accreditation of Telstar, organized a series of brief meetings of the self-evaluation sub-committees. In these 5-10 minute meetings, faculty members completed final preparations for the upcoming visit by the accreditation team on Oct. 15-18.

Community Education Work Council director, Don Bean, discussed council services available to Telstar faculty, and shared the results of a survey of Telstar students. The survey, taken last spring by the Telstar student council, outlined Telstar students' career plans, investigated relationships between students' future plans and their current courses, and indicated the students' feelings about course offerings at Telstar. Following Mr. Bean's presentation of the survey data, the faculty again worked in groups discussing the implications of the survey on curriculum development for the 1979-80 school year.

Miss Anne Holt, the senior high Resource Room teacher, made the final presentation of the morning session, outlining the referral procedure for students with learning disabilities. With a full-time Resource Room teacher available for senior high students, more referrals during the 1978-79 year are likely.

In the afternoon, the senior

HISTORICAL SOCIETY HOLDS ANNUAL "WHAT'S IT" MEETING

The monthly meeting of the Bethel Historical Society attracted some 50 members and guests last Thursday evening for the annual "What's It" session. The table of the meeting room was covered with about 25 items of an unusual nature which were held up by program chairwoman Geraldine Howe for identification by the audience. Much discussion ensued as each was identified ranging from the window raiser used in the Gilead church to a flexible saw for which no use could be determined.

Following this section of the program, slides of old photographs made during the past year of Gilead, East Bethel, West Bethel and Bethel subjects were shown and discussed.

SUTTON SURVEY TO BE COMPLETED SATURDAY

On Saturday, Oct. 21 in the morning, one of your neighbors will be calling at your home and asking for your opinions—that's all in order to complete the Sutton Survey; you will be asked to check your priorities and interests on issues which will require legislative action in Maine. If elected your Senator from District 5, Roland Sutton needs to know your feelings on these issues. Roland Sutton plans to be canvassing the neighborhoods with volunteers so that he can meet more Bethel people.

This survey will be conducted with the aid of the Bethel Republican Committee, but is not restricted to Republican families only. Sutton feels strongly that if he is to be a meaningful voice for this district in Augusta that he needs to know the opinions of all the constituents, regardless of party affiliation. Some community members have completed the survey card during the primaries and need not do so again. The group will probably not be able to canvass the entire town, so if your neighborhood is not surveyed and you wish to participate, stop in at Republican headquarters on Main Street and fill out a card.

The Bethel Republican Town Committee thanks you in advance for helping them complete this survey in an attempt to truly represent the people of this district in Augusta.

MT. ABRAM FISH & GAME TO MEET OCT. 19

The Mt. Abram Fish and Game Association will meet at the Locke Mills Town Hall Thursday, Oct. 19. A pot luck supper will be served at 6:30. This month is election time to find out who the officers will be.

high faculty members met in departments to discuss the topics of the morning session, budget for the school year, and departmental concerns generated by Dr. Wayne F. Gordon, Telstar principal. While the in-service day was a change of pace, it was, nevertheless, a busy, productive day for the Telstar faculty.

COMMENTS FROM THE TOWN MANAGER'S OFFICE

Residents are reminded that absentee ballots are available from Town Clerk Merton Brown during office hours. If the office hours are inconsistent with your schedule, other arrangements can be made by contacting the Town Clerk. The Town Office will be open on Saturday, Nov. 4, from 8:00-12:00 for the purpose of processing absentee ballots and to sell hunting licenses.

There will be a training session for all new and veteran ballot clerks on Wednesday, Oct. 18, 7:30, at the Bethel Fire Station. Voter registration and absentee ballot procedures for notary publics and justices of the peace are among items for review. Notary publics, justices of the peace, new ballot clerks, veteran ballot clerks, and all interested citizens are urged to attend.

Oct. 15 is the deadline for receiving applications for the Elderly Householders Tax and Rent Relief and Elderly Low Cost Drug Program. Information can be obtained by calling the Town Office.

The Board of Selectmen met in regular session, Monday, Oct. 9 at the Bethel Savings Bank. Town Road Improvement Fund Reimbursement forms were signed for work done this summer on the Bird Hill Road, the Maine Municipal Association's ballot for election of members to the Legislative Policy Committee for our area was completed and an agreement with the State Department of Human Services was approved which would allow reimbursement to the town of assistance benefits provided while individuals are awaiting the results of the Social Security Supplemental Assistance program.

The Selectmen, after discussion with Mary Valentine representing the Airport Committee and Jim Hudson representing a group of pilots, voted to have a final draft of a lease for a section of land at the airport prepared for the next meeting. The lease would be for the section of land between the Airport access road and the hangar owned by Harold Clukewy and would include the old hangar and office building owned by the Town. The lease would be for one year with the Board reserving the right to terminate with 90 day notice. All taxes and utility costs would be the responsibility of the lessee. The lease would stipulate that the risk of loss would be on the lessee.

In other actions, the Selectmen confirmed Merton Brown's appointment as Election Warden for the Nov. 7 General Election, approved participation in the MMA's Fundmen's Compensation Group Fund, reviewed the September financial statement, discussed attendance at the MMA Annual Convention, approved an application for Special Amusement Permits, reviewed a survey plan of the Ferry Road in Northwest Bethel, and discussed upcoming meetings.

After much discussion, the Board voted to close the Town Farm effective Dec. 1 and to assist the present occupant in finding other housing.

The Board also reviewed proposed winter landfill hours and voted to hold a hearing of the proposed hours at the next meeting. Proposed winter hours are: Monday, 12 noon to 4 p. m.; Thursday, 12 noon to 4 p. m.; Saturday, 10 a. m. to 4 p. m.; and Sunday, 10 a. m. to 4 p. m. The landfill would continue to be closed on Tuesday, Wednesday and Friday.

In upcoming meetings, the Selectmen will meet Monday, Oct. 16 for the regular meeting, and Oct. 30 with Dubois and King regarding the sewer study.

Reminder: The Bethel Town Democratic Committee will conduct a canvass of registered Democrats on Sunday, Oct. 15. Area canvassers will distribute literature from Democratic candidates and will ask for modest financial contribution. At 7 p. m. on Oct. 15 canvassers and interested Democrats are invited to the home of Bruce and Becky Bailey for cider and refreshments.

Mrs. Colista Morgan, Corres.

Now the morning breaks with increasing chill. The coolness carries farther into the day. But a different kind of chill awoke us one morning this week. It was nearly five o'clock when a few yards beyond our bedroom window there came a booming sound "Who-Who Who-Who Who-o-o"

with a gurgle in a hoarse throat on the last note. It brought prickles to my spine, but I wasn't really frightened. In a few seconds it repeated the notes, doing the same question. Its vibrating voice was an awe-inspiring call. There was no other sound than the rustle of leaves. Over head there was a scattering of stars twinkling through the branches in a vain attempt to pierce the gloomy forest and pick out the noise maker. Its next call seemed to fill all surrounding space. I chuckled and said, "My he's closer!" Of course I presumed he was an owl even though I could not see him.

Later in the day I decided to take a boat ride down pond and up Sanborn River.

The unbroken blanket of summer's green at this time changed to a blazing patchwork of crimson, gold, russet and orange, stitched with the darkness of evergreens. The pond fretted with waves. On shore by the boat the space boiled over with purple asters and goldenrod. A maple limb with clusters of red leaves like bits of fire bursting out was on a small branch over head.

Clyde had to push the boat out today for the water was too low for me to do it.

A couple of ducks withdrew and were at once lost in the weeds. The pond was brilliant, a luminous mixture of greens, reds, blues, grays, yellows, browns, pinks; the colors of the sky and trees, as the inverted picture wavered and shook in the water.

The reeds were a rustling splash of brown, rippling near the shore. I felt as the little boy who stopped by this week. Looking from my yard across the pond he said "It's a beautiful world isn't it?" From one so young I was impressed and secretly hoped it would remain that way for him; that Maine would always be Maine. Here we think of life as life; not just an existence.

At the mouth of the river I noticed that the kingfisher had not yet migrated.

A short way up stream I came upon a turtle which surprised me for I pictured them deep in the mud at this time.

Then I became aware of the forest sounds; tree tops rustling and swaying, the gentle rubbing of some, and the crackle of dry

grass through which small birds were passing. The blue jay? Of course, it is always there.

I found the water lower than usual so turned back to go down pond.

Autumn stretched itself lavishly, too. Some leaves in a happy mood danced and laughed on the waves.

One tree had the shape of a great pine cone; round at the base and tapered to a point. The branches rose in a solid luminous mass of color.

Facing Overset Mountain, coming home, it looked like a great elephant, kneeling, with a head bent as if in prayer.

Back again, boat fastened, I climbed the bank and into the yard. Across the channel stood the muskrat house which I had just photographed. Before me the last of my beautiful dahlias hung their chumsy heads above blackened stalks reminding me what lies ahead.

October, our beautiful month, has killed the summer. We now await the trial.

Ernest and Ina Mundt, Bethel, came to see us on Sunday afternoon.

Ernest Morris is better and is expected home from the hospital soon. His sons from Connecticut and Portland have been here to visit him and their mother. The daughter from Scarborough also visited her mother a few days.

Mr. and Mrs. Brennan, Seakonk, Mass., were at their camp over the holiday week end.

Mr. and Mrs. Dick Miles who were staying in their trailer in Harrison, left for Florida on Wednesday after visiting Mr. and Mrs. Leonas Holt on Saturday. Their grandson, Danny Holt, was with them.

Mr. and Mrs. Ralph Leeper, Rhode Island, are at their camp for the week.

Callers at Frank Curtis' this week were: Eva Felton, town; her

BANE HAS EXHIBIT
AT THOMAS COLLEGE
ART GALLERY

Both professionally and in his
life style, Douglas C. Bane is al-
most a nonconformist.

The Bethel artist, whose one-
man show is on exhibit in the
Thomas College Art Gallery
through Oct. 31, probably has
drawn more reaction from his oil
paintings than most others who
have hung their works at Thomas
in recent years.

A diversified artist in the true
sense of the word, Bane escapes
complete nonconformity only be-
cause there is no such state un-
less one breathes methane instead
of oxygen, lives in a hole in the
ground instead of a house and
subsists on a basic diet of rocks.

The world of Douglas Bane is
quite unlike the world frequented
by most ordinary mortals. Weird
unicorns, a black bear, a pig and
a burro are only a few of the
striking animals which parade
through the Bane world of fantasy
art.

And the faces of the animals,
some in three dimensional effect,
often portray the human emotions
of anguish and despair.

The agony of man through et-
ernity is expressed in the counte-
nance of the witnesses in his "Crucifixion". The Thomas show even
contains a couple of traditional
works such as his "Cowboy" and
"Bull Moose".

Although he was influenced by
the classical masters, Bane always
has strived to experiment and
grow toward a goal of perfected
artistry. Many of his works, heav-
ily shadowed with satirical impli-
cations of man's warped percep-
tions of the world, touch on con-
temporary social, political, and
environmental themes with the
ultimate fate of death prevailing
through both the reality and fan-
tasy that he paints.

For the past eight years, Bane
with his wife, Susanne, and daughter,
Jessica, have resided in Bethel.
And for the past four years, the
Banes have lived without electri-

WALKING WITH JESUS CHRIST

Population explosion? We hear
of it quite often. How many are
the inhabitants of the world to-
day? one million—100 million?

How many in the United States,
Bethel, Newry? No matter—in a
few years there will be new faces
than we imagine all those in the
"World—in our town too—will pass
on and that includes me—and you.

(1) Where will we all be after
that?

God's Word, the Bible says we
will face Him, individually—al-
one—to kneel down and confess
that He is Lord (2) and learn that
He is a righteous judge (3). We
will agree He is Lord and at that
time we will receive our reward,
either a crown of glory (4) or be
sent away into the outer dark-
ness (5).

He will judge us on our love
for Him—in our obedience to Him
to love others—in accepting His
gift of love to us—when He sent
Jesus Christ to shed His blood on
the Cross in order that we would
be redeemed (6) from a life of
disobedience to a new life.

Since Jesus died and has risen
again—He paid all our debts as
sinners—all we must do is accept
—recognize this fact—believe and
receive this free gift of being
saved from a life of sin to joining
the heavenly host of the true be-
lievers.

It is all so easy—people struggle
for years—when God made it
all so simple—just call on His
name, Jesus, and "thou shalt be
saved"—No one else can do it for
us—only Jesus saves.

1. A time to be born and a time
to die. Ecclesiastes 3:2.

2. Every knee shall bow and
every tongue confess that Jesus
Christ is Lord. Isaiah 45:23—Phil-
2:10, 11.

3. Thou art a righteous God.
Rev. 16:5—John 17:25.

4. A crown of glory from a
righteous God. 11 Tim. 4:8.

5. To abide in darkness. John
12:35.

6. Jesus wore a crown of thorns.
Matt. 27:29—died and rose again
and now wears a crown of Glory
and honour. Heb. 2:7.

Receive means: accept, inherit,
redeem.

1 John 1:4 "And these things
we write so that our joy may be
made complete."

Some of the residents of Albany
Township would like to share with
you the unfortunate problem we
have been faced with for several
years.

It concerns a stretch of road,
6 miles long, formerly part of
Old Route 5. The road is situated,
to the left, just past Jimmy Kim-
ball's Log Cabin Store. It re-enters
Route 5 near the Pat Grenier res-
idence. The road was discontinued
in 1969 without mention of return-
ing the land to previous landown-
ers. The only maintenance of the
road since then has been the snow-
plowing done as a courtesy from
the contractors, R. K. Brown and
later Cianbro Corp. Several reside
on this road. One family is eld-
erly summer residents who plan on
residing full time in the future.

Another is two full time residents
who are volunteer members of the
Bethel Ambulance and Rescue Ser-
vice. Another family with a five
year old child and epilepsy in
the family. The other a full time
resident, renting property. As home-
est taxpayers, we feel these people
needed a public road maintained
by the state.

Due to the constant harassment
to the people providing mainte-
nance they discontinued their cour-
tesy service in 1977. The residents
paid to have private plows until
on this road. One family is eld-

"CHRISTOPHER COLUMBUS" AT GOULD ACADEMY

WEDNESDAY, OCT. 18

The Celebration Mime Theatre
returns to its Maine regional
tournee this fall with a brand new
production of Michel de Ghelderode's
"Christopher Columbus"; a
fantasy-comedy that creates a fic-
tional interpretation of the famous
explorer's adventures. Directed by
Tony Montano, the play explodes
with color, movement and buffoon-
ery as de Ghelderode's unique
perspective is interpreted through
the considerable skills of mime,
song, dance and characterization
displayed by the Celebration Mime
performers.

A Belgian playwright, de Gheld-
erde focuses on the latter Middle
Ages, proving to his audiences
that little has changed in man's
life since that time. In fact, his
theory says, man's inner life has
frozen in time, overwhelmed by
the progress gained in the techno-
logical sphere. de Ghelderode's ap-
proach embraces the major tenets
of the Commedia dell'Arte—the
common theatre form of the Mid-
dle Ages—by sweeping the stage
with countless characters and riv-
eting images. His plays move with
vividness and have a shocking,
powerful effect upon audiences,
even now—an indication of the
universality and durability of his
themes.

Unfortunately, America's appre-
ciation of de Ghelderode's genius
has been limited to a short fan-
fare immediately following his
death in 1952. It is the hope of
Tony Montano and the Celebration
Mime Company to ignite a re-
discovery of the Belgian play-
wright's works through their new
interpretation of "Christopher Co-
lumbus" utilizing their own ar-
resting style of theatre.

In the play, Columbus is de-
picted as an oceanic dreamer, a
philosopher of the sea, caught up
in the political/social maze of his
time. He is an innovator, but a
victim of circumstance as well. He
is subjected to the constant bar-
rage of demands made by the
characters in his life: reporters,
investors, ministers, scientists, the
royalty, his own crewmen—each

one has his own "two bits" to
contribute, and they do. The char-
acters sparkle with color and zani-
ness in the Celebration Mime tra-
dition.

As part of the company's barn-
storming tour through Maine, the
current production will be staged
at Gould Academy under the spon-
sorship of their Wednesday Night
Performance Series, on Wednes-
day, Oct. 18, at 7:30 p.m. in the
William Bingham Hall Auditorium,
Bethel. The public is cordially
invited and there is no admission
charge. This family event should
not be missed. The production is
made possible through a grant
from the National Endowment for
the Arts, a federal agency.

Others winning more than one event in their class were: Christian Robiller, Kim Monzo, Julie Morgan, Kirsten Froburg and Bob Chadbourne.

A brief snow flurry provided visible evidence of snappy temperatures which made the hot dogs and hot chocolate served up by John "Big Mac" Head a welcome finale for the afternoon contests.

Obstacle course race: Charlie Smith (5-6); Christian Robiller (11-12).

BARRACKS & AUX. #2943
Barracks and Aux. #2943 met at the Legion Home on Vernon St., Oct. 4. State Department officers were entertained at this meeting with an old fashioned boiled dinner at noon. White Elephant Syndrome

In the real estate trade it's called a "White Elephant". An excellent house for sale which just sits and sits. Often you can recognize it by the tall grass and weeds overrunning the front yard; an occasional broken window here and there. The cause of this blight is always the same—OVERPRICING!

This story always has a sad ending—for the seller. Eventually, he has to reduce the price to sell. By this time, it's too late. The good prospects have waved goodbye and bought elsewhere. The appearance and condition have deteriorated. The eventual selling price is far below what it could have

realized had it been valued realistically from the outset. You don't have to increase the "White Elephant" population. There is a safe way to establish the RIGHT price. When you're ready to sell, see a local Realtor. He'll know the true value and what it will bring in the market. Top price, yes! Overprice—No!

If there is anything we can do to help you in the field of real estate, please phone or drop in at **EARLY REAL ESTATE**, 60 Main St., Bethel. Phone: 824-2122, 824-2576. We're here to help!

Vice President Neal Cohen said he would fix the windows and close the hall for the winter. The many books of the library will be left until spring when hopefully a buyer will be found.

Stevie Millett stayed with the Lawrences Saturday night. Callers during the week, Eveline Barrett, Ruby Coffin, the Kalmowskis, Ellis Kilpomen, Jeanne Millett, Maureen, Sherry, Brenda, Dale, Sandra, Jeff, Jim Coffin, Mr. and Mrs. Linwood Birney.

TELSTAR SCORES EARLY TO DEFEAT HALL-DALE 26-14

Telstar scored twice within the first four minutes of the game and went on to beat host Hall-Dale, 26-14, in a Mountain Valley Conference football game Saturday.

The win leaves Telstar with a 3-2 record and Hall-Dale at 2-2-1 in the Valley division. Leavitt leads the division with a 4-1 record.

Hall-Dale pulled to within four points, 18-14, in the third quarter but the Bulldogs never really had another opportunity to score. Telstar sealed the win with Mike Brooks' fourth-quarter touchdown.

Brooks led all rushers with 155 yards on 19 carries. Hall-Dale's Al McPherson gained 111 yards on 12 carries.

Telstar scored the first time it had the ball, opening up a running game that knifed through Hall-Dale's defense. The Rebels drove 60 yards in seven plays. Glenn Dunn's nine yard run capped the march.

Hall-Dale came right back to take the lead on Al McPherson's 55 yard run. On a third-and-three from the Hall-Dale 45, McPherson took a pitchout and started to run around the right end. He cut back against the grain and ran untouched for the score. Wes Brann passed to Carl Nitz for the two points and Hall-Dale had the lead for the first and only time in the game.

Telstar regained the edge shortly thereafter. After the kickoff, the Rebels put the ball in play at their own 42. Brooks ran for seven and four yards and Russ Palmer hit Robbie Harrington on a 14-yard option pass. Palmer then took a pitchout from quarterback Doug Webster, ran around the left side, cut back, and streaked through the Hall-Dale secondary for 32 yards and the touchdown.

Telstar upped the score to 18-8 at the half with another big play. Brooks took a pitchout on the Telstar 45 and raced down the right sideline for the touchdown.

Hall-Dale took advantage of a Telstar fumble in the third quarter to tighten things up. The Bulldogs put the ball in play at the Telstar 29. Nine plays later, Al McPherson ran off left tackle for two yards and the touchdown. That was the last time Hall-Dale would get near enough to score.

FOOD FOR THOUGHT (CFNC NEWS)

Hi! How's it going this week? Got some news for you about CAROB which lots of people are asking about at the Co-op Store.

Carob powder is ground from the pods of the carob tree, and is available both toasted and untoasted. Carob is a nutritious substitute for chocolate, rich in minerals and natural sugars, and low in fat. Whereas chocolate interferes with calcium absorption (chocolate milk is a definite no-no for children), Carob is a delicious and wholesome substitution in brownies, puddings, frostings and milk shakes.

When baking with Carob, remember 3 tbs. carob, plus 2 tbs. water or milk equals one square of chocolate. Mix carob thoroughly with dry ingredients, or dissolve it in a little water or milk before adding it to liquids. You can toast untoasted carob just prior to using for a fresher flavor, or add it to a little boiling water to eliminate any raw taste.

Hot Carob Froth (a real Soul warmer!) from Recipes for a Small Planet. 4 c. milk, 3 tbs. Carob, 1/2 tsp. vanilla, 1/2 tsp. cinnamon, 2 tbs. honey. Blend all ingredients in a blender. Pour milk into a large saucepan. Heat over medium heat. Watch it! The foam expands as it gets hot. Variations: omit honey—blend in one ripe banana.
